Subtraction Word Problems (Within 1,000)

2nd Grade Word Problems Worksheet

Take away the ones, then the tens, then the hundreds. Trade 1 ten for 10 ones, or 1 hundred for 10 tens, when you need to.

Read each story. Write the answer.

Name: _____ Date: _____

1. Eli has 884 stamps. Ella has 45 fewer stamps than Eli. How many stamps does Ella have? _____

2. Nora is reading a book with 651 pages. Nora has read 357 pages. How many pages are left? _____

3. Wei has 999 blocks. 680 of the blocks are pink. The rest are red. How many blocks are red? _____

4. 815 blocks are on a table. Jack takes 808 blocks. How many blocks are on the table now? _____

5. Theo has 968 cards. Theo loses 89 cards. How many cards does Theo have left? _____
