Subtraction Word Problems (Within 1,000)

2nd Grade Word Problems Worksheet

Take away the ones, then the tens, then the hundreds. Trade 1 ten for 10 ones, or 1 hundred for 10 tens, when you need to.

Read each story. Write the answer.

Name: _____ Date: _____

1. Grace has 202 seeds. 149 of the seeds are white. The rest are black. How many seeds are black? _____

2. Liam has 947 rocks. Then Liam loses 561 rocks. How many rocks are left? _____

3. Olivia has 196 buttons. Hana has 68 fewer buttons than Olivia. How many buttons does Hana have? _____

4. 499 tickets are on a shelf. Priya takes 52 tickets. How many tickets are on the shelf now? _____

5. Jada is reading a book with 360 pages. Jada has read 95 pages. How many pages are left? _____
