Estimating Sums

3rd Grade Place Value & Rounding Worksheet

Round both numbers. Then add them. An estimate is close to the real answer.

Round each number first. Then add the rounded numbers.

Name: _____ Date: _____

1. Round to the nearest 10. About how much is 22 + 26? _____

2. Round to the nearest 10. About how much is 37 + 49? _____

3. Round to the nearest 10. About how much is 363 + 548? _____

4. Round to the nearest 10. About how much is 76 + 22? _____
