Estimating Sums

3rd Grade Place Value & Rounding Worksheet

Round both numbers. Then add them. An estimate is close to the real answer.

Round each number first. Then add the rounded numbers.

Name: _____ Date: _____

1. Round to the nearest 10. About how much is 51 + 72? _____

2. Round to the nearest 10. About how much is 336 + 337? _____

3. Round to the nearest 10. About how much is 93 + 42? _____

4. Round to the nearest 10. About how much is 78 + 35? _____

5. Round to the nearest 10. About how much is 73 + 25? _____

6. Round to the nearest 10. About how much is 723 + 146? _____

7. Round to the nearest 10. About how much is 62 + 89? _____

8. Round to the nearest 100. About how much is 635 + 284? _____
